**Here is our prayer for the week. I invite you to contemplate it daily:**

**Life is not just something to be endured. It is to be lived in joy, in a fullness without limit. Have the will to be well, to be happy, and to live in joy. -Ernest Holmes**

Today we join together in the knowledge that all Life is One. Our Universal Truth is that there is only unity. Life without separation, and without limitation is the Truth of God. We recognize this Truth that Spirit is manifest as all. I am and we are part of Spirit. We are part of the whole that is God. We are divine expressions of the Universal Mind. Our Joy, Happiness, and love are manifestations of the perfection of the One Mind. I declare of and for this Center that we Live our lives in splendor. We choose here and now to let our minds focus on the Good. We, as a community, trust that the perfection of God is revealed in all things and at all moments. In this faith we stretch out our hearts and fully embrace the love and beauty revealed at all moments. In this knowledge we fully express our love and gratitude for all. We embrace the truth of unity and fully express this love towards the world and ourselves. We choose to be beacons of love that Guide more fully our families, our communities and our world into the truth that there is only God, so in turn there is only Love. Thank you all for choosing Love. Thank you for allowing a truth to be known and expressed that will change the world. Thank you God for the miracle of Prayer. In deep gratitude for all I release this prayer knowing that as the words were spoken the prayer was already complete in mind...

**AND SO IT IS!**
