NEW YEAR'S DAY

Here is our prayer for the week. I invite you to contemplate it daily:

“To everything that has been, I say THANK YOU, and to all that will be, I say YES.”

-Dag Hammarskjold-

On this day, and greeting this New Year, I rejoice in the Truth that God is the everywhere present, all-powerful and unlimited influence in my life. As I move into this new period of time, I open to and allow Spirit to operate through me, while I plan my dreams for this coming year.

As this New Year unfolds, I recognize God's Divine Energy as it appears in all my life experiences. I see Spirit reflected in my thoughts; I consciously sense God's presence in all I endeavor to accomplish. As I move into this new year, I cut all thoughts about the past that would restrict me; I release that which does not fit for me now. I am grateful for the wisdom I have gathered in this past year; and I wake up to a fresh, new vision of life that will let me accomplish my goals with purpose and potential. As I say "YES" to life, I accomplish all I set out to do, easily and joyfully, knowing that, in this new time, God is above, through and in all I experience.

With gratitude, I release the past year and recognize that Spirit is always at work, unfolding and guiding me every moment of every new day. I welcome the adventure and opportunity to be consciously part of Spirit's creation of my life. I release my prayer into Divine Law, confident that it is in action, Here and now.

AND SO IT IS!
