Here is our prayer for the week. I invite you to contemplate it daily:

I am guided by the same intelligence and inspired by the same imagination which scatters the moonbeams across the waves and holds the forces of nature in its grasp.

Ernest Holmes

I recognize God's breath in everything around me. In the trees, as they sway and whisper in the breeze. In the ocean, as the waves caress the shore. In a loved one's eyes, as joy-filled appreciation. In the laughter of a child, as their young life unfolds. This is the very breath that is part of me. I am drawn to the bosom of the infinite.

I am overwhelmed by the joy of realization. The perfection of our combined spirit. The wholeness with One.

In this moment, I know the perfect spirit is emanating through us. Through our lives, we form and manifest through spirit. This spirit is healthy, and my body is healthy. This spirit is bountiful, and my life is bountiful. This spirit is joyful, my life expresses the joy of love.

I deny power to any thought of dissuasion or that leads me away from my true and joyous unfoldment. I only know the truth of our spirits' perfect reflection.

I am grateful for every moment that Life unfolds through me, the manifestation in Truth. I am grateful for realizing these perfect thoughts.

And, as I release these words into the Law, I know the universe is in action, and my words manifest into perfect action. And so it is!
