## **The Healing Power of Affirmative Prayer**

Healing, then, is accomplished by uncovering, neutralizing and erasing false images of thought, and letting the perfect idea reflect itself through subjective mind into the body.

Dr. Holmes, in his book, *The Science of Mind* says, “Let us then approach the Science of Mind—the Science of Spiritual Psychology—with awe, but not with fear; with truly a humble thought, but not with a sense that we are unworthy. Let us approach it normally, happily, willing to accept, glad to experiment, hoping and believing that as the result of our efforts we shall each derive a great good.

Some people have been healed through prayer, while others have not. The answer to prayer is in the prayer. But what is a prayer?

1. A prayer is a movement of thought,
2. Within the mind of the one praying,
3. Along a definite line of meditation;
4. That is, for a specific purpose. SOM P 27, 28

If we ask for bread, we shall not receive a stone. But we are told we must ask believing, if we are to receive.

Here again we are meeting the Law of Cause and Effect in the teachings of Jesus. Prayer is a mental, as well as a spiritual, function of intelligence. It is a certain manner of approach to the Spirit, a conscious act of the mind, a concrete experience of the knowing faculty. Prayer should be direct and specific, and should always be accompanied by a positive receptivity. God cannot answer prayers which have no meaning.” SOM P 435

Dr. Jim, in his book *The Way I am*, quotes Jesus who says, “There is nothing veiled that won’t be unveiled, or hidden that won’t be made known.” Luke 12:2

**YOU CAN’T HIDE FROM THE CONSEQUENCES OF YOUR THOUGHTS AND FEELINGS.**

The first step in any prayer is the recognition that you are working with pure intelligence and that when you pray, you act intelligent. God is your creator and ally, a loving Presence that knows you as **WHOLE, PERFECT, AND COMPLETE**. Why would God create you and then know you as imperfect, incomplete, and incompetent? Only your mind can perceive yourself this way!

## Read Aloud Twice a Day

The Universal Nature of the Divine is the very presence of Conscious Thought made manifest by Belief, Acceptance and Faith. I am the embodied presence of the Universal consciousness which functions through my thought, receptivity and trust. With respect and love I acknowledge the power of my mind to be the Universal Mind bringing form and function to what I know and believe. Today, I am the function of Love. All that I know about Love is now expanded and set free to manifest my life with compassion, acceptance, and transformation. The Universe is my supply and fulfills my highest good. Each day I am the function and form of the highest acceptance of my highest good. There is no power in the conditions and circumstances of my memory. In each and every moment my divine goodness appears as the reality of my life. For this, I am eternally grateful, for the goodness of my life reveals the steady and joyful condition of my understanding and patience. With gratitude and grace I accept my infinite evolution as evidence of my eternal life forever revealing the spiritual intelligence of my thoughts, my location and the quality my unlimited Reality. Released my word is now my life unfolding the goodness of God's Love. And so It Is!
